SCHOOL AND CAMPUS

SOPHOMORES TO PRESENT PLAY —PROF. HOUDYSHEL TO SPEAK ON "PLANT LIFE"

"The Fortunes of War" will be presented before the Dramatic Club this afternoon at 3 o'clock in the auditorium. A cast consisting of the future lights of the Sophomore class will present the play. Everyone has been invited and a good crowd will undoubtedly be present.

Girls' Interclass Tennis

There has been quite a little talk among the girls lately about Interclass tennis. There are a great many good players in the two upper classes and if a match were arranged it would undoubtedly be interesting. Get busy, girls, and show us what you can do.

Scrubs in Assembly

Where shall we put the Scrubs during assembly period? That is the problem of the seating committee consisting of Chauncey Kolts, Emma Lee Burton, Mildred Wight, Katheryne Green, Samuel Meriken and Herbert Scheuner. They say that its almost impossible to seat six hundred overgrown children in an auditorium with a capacity of about four hundred. They suggest that balconies and box seats be installed for the use of the Seniors.

Science Club

Tomorrow afternoon Prof. Houdyshel will speak before the Science club on "The Amelioration of Plant Life." Mr. Houdyshel is an authority of agricultural science and his lecture will undoubtedly be intensely interesting.

General Notes

The High School tennis team had a little hard luck in their match with Pasadena last Saturday. The score was 4-3 in favor of Pasadena. We still have a good chance, however, because Pasadena is about the largest school in the league.

Shall we elect our Student Body officers for one semester? Think about it and vote intelligently when the question comes up.

A great many of the art students are designing Stylus covers. Some of the contestants have said that two dollars, or a copy of the Stylus for the next four years, is not a large enough prize for the permanent cover design. They evidently have not thought of the honor there would be in seeing their cover on every copy of the Stylus.

GLENDALE CITY UNION

Friday afternoon, March 17, the Glendale City Union will meet with Miss Olive Marsh, 211 Cedar street, just north of Eagle Rock car line. The program will be on the World's W. C. T. U. work in foreign lands. Miss M. A. Spencer, for many years a missionary in Japan, now on furlough in her home land, will speak of the work in the Sunrise Kingdom, from the viewpoint of a church missionary, also as president of a local W. C. T. U. in Tokio. Ladies of all church missionary societies are cordially invited to attend the meeting.

NO CRIME IN THE CITY

Judge Whomes reports that during the past month of February the whole amount of fines and fees from both criminal and civil cases in his court amounted to $10. March has now run seven days and during that time there has not been a single case in the Recorder's court. Should this record be kept up throughout the month the judge would be entitled to the ancient presentation of a pair of white gloves, which was the customary present to a judge of assizes in the old days and which still prevails as a custom in some of the eastern States.

FINE MUSICAL PROGRAM

An enthusiastic audience at the First Methodist church greeted the following well known artists last evening: Miss Gertrude Champlain, pianist; Mrs. Wayland Brown, reader; Miss Suzine Wessels, violinist; Mrs. R. M. McGee, soprano; Mrs. F. A. Arnold, contralto. This delightful program was arranged by a committee from the Ladies' Aid society of the church and all agreed that it was indeed a treat.

MRS. PALMER ENTERTAINS

Mrs. O. S. Palmer, treasurer of the local W. C. T. U., entertained the officers of the Union at luncheon Tuesday. Covers were laid at the beautifully appointed table for Mrs. Ruby J. Smart, president; Mrs. P. A. C. Moore, vice-president; Mrs. Opal Greenwalt, corresponding secretary; Mrs. Louise Morton, recording secretary; Mrs. O. S. Palmer, treasurer. Mrs. Lulu Slade was also a guest.

GLENDALE BOYS LOSE

WESTLAKE TEAM DEFEATS LOCAL BASKETBALL EXPERTS 35 TO 24

Those who witnessed the basketball game between the strong Los Angeles Westlake team and the local boys had the pleasure of seeing a well-contested contest and some phenomenally good playing. The Westlakes had two excellent forwards, one of whom, Swann, was remarkably deadly in his shots at the basket. He was responsible for the greater number of points scored by the Westlakes. The Westlake team also seemed to be more versed in their combination plays and played together with a quickness and accuracy that went far to give them the victory.

It was an off night with Glendale and time and again they missed the basket by a fraction of an inch. Under circumstances such as these everything seems to go against the losing team. At the end of the first half the score stood 11 to 19. This handicap was rather too much for Glendale to overcome in the second half and though they fought manfully and skillfully the Westlakes added another 16 points to their score while the Glendales only added 13.

This victory of the Westlakes leaves the Glendale team seventh on the list. Two more games are to be played in the League series by Glendale—with the Los Angeles Y. M. C. A. team and with the Whittier Crescents. These games are not likely to alter the standings very much.

Glendale's lineup Tuesday night was: Littell and Bidwell, forwards; Taylor, center; Farner and Stone, guards.

Westlake: Trauger and Swann, forwards; Cate, center; Firebrand and Brown, guards.

CHRISTIAN ENDEAVOR ENTERTAINMENT

The Christian Endeavorers of the Christian Church have secured the "Orpheus Four" (the official quartette of the Orpheus Club of Los Angeles, winners of the $3000.00 prize at the San Francisco Exposition), to give an entertainment at the Christian Church, Thursday evening of this week.

Rev. C. R. Hudson and Mr. Ward of Pomona say the entertainment is very fine and that the people are highly pleased.

Rev. Chas. Hustlar of the Broadway Christian church, Los Angeles, says: "They give a most excellent Program." "Face to Face" as sung by Mr. Glasse, he thinks as fine as he ever heard.

There will be no admission fee but a silver offering will be taken during the evening. Do not miss this special program.

TO WITNESS "AS YOU LIKE IT"

Glendale Tuesday Afternoon club is sending a deputation of ladies to attend the presentation of Shakespeare's "As You Like It" by the Cosmos club in the parlors of the Ebell club, Los Angeles, Wednesday afternoon. The president of the Glendale club, Mrs. H. E. Bartlett; Mrs. W. E. Evans, chairman of the Shakespeare section of the Tuesday Afternoon clubb; Mrs. Frank Grosvenor and Mrs. Glenwood Jones are among those who will attend the presentation, along with others of the Shakespeare section.

RECIPROCITY MEETING

As delegates from the Tuesday Afternoon club of Glendale Mrs. H. E. Bartlett, president of the club, and Mrs. J. Glenwood Jones visited the Highland Park Ebell club at Highland Park, Tuesday. This was a Reciprocity meeting and the visitors from other clubs were entertained hospitably and specially enjoyed the program prepared by Mrs. Carrie Jacobs Bond, the well-known author of the song, "The Perfect Day." Mrs. Bond sang many of her own compositions. An exhibition of paintings also added to the pleasure of the guests.

INJURY TO APRICOT CROP

B. C. Thrasher of Sycamore canyon, who is an experienced apricot grower of long standing, says that the crop this year will be only about one-third of what was expected. In the early part of the season there was a fine showing of blossom, but the recent cold rains killed a large proportion and the yield will be very much below normal. This condition prevails all over the Glendale district and will be a great hardship to many who look to their apricot crop as part of their income.

INCENDIARIES BURN NIAGARA FACTORY

FOREIGN EMISSARIES BELIEVED TO HAVE SET FIRE TO ELECTRO-CHEMICAL MUNITIONS PLANT

(Special Service to Glendale Evening News)

NIAGARA FALLS, March 8.—A series of explosions is wrecking the Niagara Electro-Chemical company's plant today. Half of the plant is in flames. The company had large war orders and its officers assert that foreign emissaries are responsible for the fire. One man is dead in the flames and a score are missing. It is believed that some of them at least perished in the explosion and ensuing fire. The great warehouse where the munitions are stored is in imminent danger. Should the fire reach it the whole plant will be destroyed and it is possible that the adjoining section of the city will also perish.

PRESIDENT OF STEEL TRUST INDICTED

MAHONING COUNTY, OHIO, BRINGS IN TRUE BILLS AGAINST OFFICIALS OF 63 CORPORATIONS

(Special Service to Glendale Evening News)

They are charged with violating the state anti-trust law, in connection with the recent strikes at Youngstown. The indictments charge that the agents of the corporations conspired to lower the wages of the laborers.

PARKER'S PARAGRAPHS

PUNGENT, POLITICAL, PERSONAL, PERSUASIVE, PERTINENT AND POSSIBLY IMPORTANT

By SAMUEL PARKER

That family domesticity will be upset by the voting women need not be feared by the facts as apparent up to date. The rush is on in our own State for delegates to sundry conventions, but we have not yet heard of the women of any party demanding their quota of delegates to any of the conventions.

The plea made for municipal "looseness" on Sunday at the beaches and other resorts, because the tourists demand it, hardly has truth enough in it to command any respect. The real tourist makes no demand for wide-open treatment anywhere. He is usually with his family and not seeking illegal dissipation. The wide-open tourists are the rif-raf of our own municipalities.

Fame linked with imperishable history is frequently the product of a single sentence, as likely so as the most elaborate speech. Henry Clay said, "I would rather be right than be president." General Grant said, "Let us have peace," and Congressman Mann, of Illinois, Republican leader of the House, said the other day, "I hope our citizens never will be put to the test of having to fight because some fool has involved us by entering upon a joy ride."

"Yes, all the navies of the world must boldly be defied, and international usages quite cooly set aside; Our people are globe-trotters, to live they must joy ride, and anything that floats shall tote them to the other side." This is the burning question at Washington today, an utterance the president must not make Congress say. The patriots voice from coast to coast, alike from lakes to bay, is this, travel may lead to war, hence I at home will stay.

If the intelligent women of America were to vote tomorrow on the names of 50 of the most usefully distinguished women in the United States, two of them, beyond doubt, would be found at this time enjoying the glorious climate and other good things pertaining to the Southland, Jane Addams and Ella F. Young, who have been for a fortnight "resting" in Los Angeles and vicinity.

What a change comes o'er the spirit of the dreams of some very high-up statesmen. Only a short year ago the English suffragist, Miss Pankhurst, was nearly half the time in prison, receiving naught but contempt at the hands of the nobility. Why this sudden change, for now they honor her. Simply because she has proved serviceable in war time—in defense of the citizenship they previously denied her.

That four millions of women, American citizens, are going to vote for president this fall, greatly disturbs the complacency of the 7x9 statesman in Congress, who show up as obstructionists on this question. It is unfortunate that victims of the steam-roller never see it coming, hence the fatality along that line. In this case, "None are so blind as those that will not see."

Every man, woman and child old enough to think on the subject will not hesitate to indorse preparedness to the utmost limit, for defense, but the jingo exploiters who seek to use the present situation for foisting on this country a military system akin to that of any of the countries now seeking to destroy each other in Europe fails to properly understand the American people.

A missionary meeting of great size (5000) and great zeal and enthusiasm, was held in Los Angeles last week, at which one of the speakers said: "I raise the question whether in this hour of destiny America possesses enough of patriotism and religion to retain Jesus Christ. If we do not show the spirit of brotherhood to the stricken nations of Europe and the men who are dying on the battle fields, will not Christ forsake us?"

Query: Are the "stricken nations of Europe" involved in this war (a war that dwarfs all other wars for savagery) in order that America may by the "spirit of brotherhood" show how good we are, and thereby retain the good will of Deity, and "save America?" Can we fool God or anybody else by running factories day and night making methods for wholesale slaughter and think

DECLINE IN TUBERCULOSIS DEATH RATE

Notwithstanding the fact that tuberculosis kills over 10.5 per cent of all those who die in the registration area of the United States there is comparatively little fear of this devastating disease among the people of the country. Yet the latest report of the Bureau of the Census shows that in 1904 deaths from this disease throughout the United States amount to 200.7 per 100,000. Starting from that point it is seen that the deaths have been decreasing until in 1914 they amounted to only 146.8 per 100,000.

That is bad enough and were those deaths caused, say by bubonic plague, there would be a panic in the land. However, the country is to be congratulated on the fact that the anti-tuberculosis movement organized within the last ten years has had so marked an effect on the mortality of that disease, especially since the death rate from this cause seems to be declining more rapidly than the general death rate from all causes.

Commenting on this decrease in the rate from tuberculosis the Bureau of the Census says: "As a result of a more general understanding of the laws of health, the importance of fresh air and other things, due in part, no doubt, to the efforts of the various societies for the prevention of tuberculosis, there has been a marked and gratifying decrease during recent years in the mortality from this scourge of civilization. In only a decade the deathrate fell 25 per cent."

As an indication of the growth of the campaign against tuberculosis it appears that in 1905 there were only thirty-nine anti-tuberculosis associations, 115 sanatoria and hospitals, twenty special clinics, no open air schools, and not more than 5000 people actively interested in the prevention of this disease. At the close of 1915 there were more than 1500 anti-tuberculosis associations, 600 sanatoria and hospitals, 450 dispensaries, 300 open air schools, and more than 100,000 people actively interested in the prevention of tuberculosis. Besides this, the fundamental truths that tuberculosis is a communicable, preventable and curable disease have been carried into every village and hamlet to millions of men, women and children in a great variety of ways. The next ten years should go far toward exterminating this plague.

Germany is determined to eliminate all foreign words from its vocabulary. The indignant Teuton, convinced that no self-respecting German should use any words but such pure Teutonic syllables as prevailed in the days when Herman led Varus and his legions into the depths of the Teutoburg marshes and there did them to death, is going to purge his vocabulary of every word that savors of a foreign cradle. The other day a big meeting was held in Dusseldorf townhall. Genius and learning were there, so was patriotism in all its glory. It was resolved that from that moment no word of foreign origin should be used by Germans in connection with the German language. While this patriotic resolve was acclaimed with wild applause, there suddenly arose the ghost at the fatherland's banquet. Ernest Brues, a literary man of Dusseldorf, pointed out that there were no fewer than 100,000 words of foreign origin in the sacred tongue of Germany. As the ordinary vocabulary of the unlettered Teuton consists of not more than 4000 words or so it can easily be seen that here was a calamity indeed; so it was resolved to go easy on the resolution and only to replace "as far as possible" the obnoxious words with native diction.

OLDEST PIECE OF PAPER

A manuscript found by savants connected with the Berlin Museum of Ethnology, in excavations made in the Turfan Oasis, is written upon the oldest piece of paper treasured in Germany. The manuscript dates back to A. D. 399, and the material is a really genuine and foldable paper. An examination of its structure shows the paper to be mainly of Chinese grass fibers mixed with fibers of the mulberry tree. To furnish a smooth writing surface it was covered with a transparent paste, then strewn with wheat starch and pressed. The fourth century, according to this, already had a process of producing durable writing paper.—Inland Printer.

to take the "damn off" by also sending over a few Red Cross representatives and a few packages of bandages and lint?

Say, did you see how fast that officer was going? No doubt a hurry-up case. "What's your hurry Peeler?" "Will Mixer, who keeps the saloon just around the corner, forgot to close his door on time, and I am going to warn him to be a little more careful." Returning the officer grabbed a half starved boy who had taken a loaf of bread, abused him shamefully, while hustling him to the Juvenile Court. "The difference you can plainly see."

The moment Attorney Brandies' name was mentioned for the vacancy on the U. S. Supreme Court a howl loud and long went up from certain members in the Senate, declaring his utter unfitness for the place. It does not require a very active memory to recall how near certain "interests" came gobbling up nearly all the public utilities on the Coast only a few years ago—land, timber, oil, coal, water—and the scheme only was prevented by the vigorous efforts of Judge Brandies and Gifford Pinchot. For this attorneys of these wicked designs have no love but everybody else aware of these facts should work for his confirmation.

TO FIGHT CITRUS CANKER

Some time ago in an editorial in the Glendale Evening News the story of the damage that citrus canker has been doing in Florida was told and the danger that this most destructive of all citrus fruit maladies might spread to California was pointed out. Citrus growers of Southern California will be glad to learn from the accompanying letter from Congressman Randall that an emergency fund has been created by Congress to deal with this matter.

Washington, D. C., Feb. 29, 1916

My Dear Friend:—Our campaign for a comprehensive Federal fight against Citrus Canker has been won, the president having signed on February 28 the Urgent Deficiency bill, which appropriates an emergency fund of $300,000 which is to be used at once in exterminating this dreadful malady.

Early in the present session Col. Sparkman, dean of the Florida delegation, invited me to join him in a plan to secure an emergency appropriation, which, of course, I was glad to do, realizing the great menace to the fruit interests of California. We were cordially received by the Secretary of Agriculture, and by the Committees on Agriculture and Appropriations. The fund of $35,000 appropriated last year was increased of $300,000 this year for emergency work, and will probably reach $250,000 more in the regular bill. The experts of the department reported this morning that good progress is being made against the disease.

It is thought that one of the determining factors with the President in his decision favoring a Tariff Commission is the situation in the citrus fruit industry, which has been fully presented to him.

I will be glad to have any suggestions from you, and it will give me pleasure to serve you at any time.

Very cordially and sincerely.

C. H. RANDALL.

Mrs. O. S. Palmer, 116 Colorado boulevard, entertained the recently re-elected officers of the City Woman's Christian Temperance Union, with a delightfully appointed luncheon Tuesday, in an all-day session of the board.

Recent arrivals at Glendale Sanitarium are: Mrs. W. E. Greenfield, San Pedro; Mrs. G. F. Webb, Berkeley; Miss Viola Robinson, Orange; Miss B. V. Pred, Santa Ana; Miss Connally, Los Angeles; Mrs. L. W. Thompson, Northville, S. D.

TROPICO

There was a goodly attendance of the members of the Norton Art club, when Miss Elsie Anderson entertained at her home on Virginia place Monday afternoon. Interesting papers on Appelles and his contemporaries were read by Mrs. Frank I. Marsh and Mrs. Samuel A. Ayres. A description of the Greek plays staged by Margaret Anglin at the San Francisco Exposition was given by Miss Elsie Anderson, after which Mrs. S. G. Chapman, president of the club, briefly reviewed the work of the past few months, which completed the study of Greece.

The great landscape painters and their masterpieces will be the subject of study for the remainder of the year. At the close of the program a delightful social hour was enjoyed and dainty refreshments were served.

The Junior boys tennis team of Tropico won from the Glendale Intermediate team in a recently warmly contested game. Frank Martino and Leland Baker of Tropico won two sets from Clayton Card and Burdette Rockhold of Glendale. Stuart Ayres and Raymond Eckels lost a close set to Colburn and Doll of Glendale.

In the singles Colburn of Glendale won from Baker of Tropico, 6-4. The games were played on the court of the Municipal playgrounds.

The Woman's Foreign Missionary society of the First Methodist Episcopal church of Tropico will be entertained at the home of Mrs. Nellie Penniman, 207 Blanche avenue, Thursday afternoon. An interesting program will be rendered.

A free concert will be given Sunday afternoon at the Municipal playground, by the Tropico concert band. This concert, which will be given at 2:30 o'clock, will precede the ball game. J. R. Comyn has been secured as manager of the recently organized ball team. Permanent ball players, residents of the valley, have been secured and indications point to many lively and interesting games. The announcement that the Tropico Concert band will render a musical program will give an added interest to the ball game and a large crowd is expected.

Mrs. Don Ford, wife of Rev. Ford of the First Methodist Episcopal church of Tropico, is still very ill at the parsonage.

The Tropico Concert band will give an entertainment at the Bijou theater Friday evening, March 17. The orchestra will furnish Irish melodies and several vocal selections, Irish of course, will be rendered. An Irish comedy by Olin Bradford and Harry Hayward will feature the program.

Miss Nan Anderson and sister, Miss Elsie Anderson, entertained as their guests Tuesday evening at their home on Virginia place, Dr. and Mrs. Ernest Allin of Los Angeles and Miss Minnie Marshall, the noted contralto singer of Fresno, who is at present in Los Angeles studying grand opera. Miss Marshall possesses an unusual contralto voice of wonderful power and sweetness. Miss Anderson and her sister invited a few of their friends to their charming home, which was prettily decorated in spring blossoms, to enjoy with them the impromptu social given by Miss Marshall.

LUTHERAN LADIES' AID

The Ladies' Aid of the First Lutheran church will meet Thursday afternoon at the home of Mrs. Daugherty, 409 E. Third street, at 2:30 p. m.

Dr. Enochs, 310 Brand, S. S. 309.

MRS. ELLA HARMAN HONORED

Mrs. C. E. Ledbetter, Mrs. Charles Bullard and Mrs. Edward E. Chappella entertained at the home of Mrs. Chapella, 1536 W. Second street, with a surprise shower in honor of Mrs. Ella Harman. The affair took place Friday, March 3 in the afternoon. The day was Mrs. Harman's birthday.

The house was beautifully decorated with spring flowers and potted plants. The color scheme of both decorations and refreshments was yellow and white. The gifts were tied with yellow ribbon and artistically arranged in a willow basket; this was presented to Mrs. Harman by little Margaret Lou Ledbetter, who was dressed in butterfly costume of yellow. The large birthday cake was decorated with yellow candles and flowers and was presented by Master Eugene Chapella.

Margaret Lou Ledbetter entertained the company with two extremely amusing comic readings, after which refreshments were served and a pleasant social hour enjoyed. Notwithstanding the fact that Mrs. Harman has been an invalid for years and spends all her waking hours in a wheeled chair, she is always bright and cheerful and never complains.

Besides the three hostesses the following ladies were present: Mesdames C. W. Houston, J. S. Rochester, Clem Moore, S. A. Kobell, Alfred Landman, George Harrison, B. H. Ward, Frank D. Patterson, Christine R. Peters, Ida Weeks, J. F. Grass, J. N. Francis, M. E. Wilber, M. D. Davis, H. E. Henderson and Horace Hosford. There were also present the Misses Elizabeth and Ruth Bullard.

TRACK MEET AT HIGH SCHOOL

Glendale High School athletes have arranged a track meet with Burbank High School. The meet will take place Thursday at 3:15, on the Glendale High School track. All events will be contested, with the exception of the discus, for which the 50-yard dash has been substituted. There will be no javeline throwing. Glendale has a strong relay team and Renshaw is expected to win the hurdles.

GLENDALE FOOTHILLS

What is expected to be a very interesting meeting of the Ladies' Aid society of Casa Verdugo Methodist Episcopal church, will be held at the residence of the Rev. Julius Soper, Thursday evening, at 8 o'clock. The meeting will be addressed by Miss Spencer, who for a number of years has been a missionary in Japan. Miss Spencer is an excellent speaker and her experiences are full of interest.

Merlin Wilson, who has been confined to his room at the Casa Blanca apartments with a severe attack of tonsilitis, for some time past, is quite recovered and has gone back to his work in Los Angeles.

Mr. Hager of N. Brand boulevard, who was stricken with paralysis a short time ago, has recovered and is once more able to go about.

The usual spring work on the spacious grounds of the Rector residence, which occupies a commanding site at the north end of Brand boulevard whence it is visible far down the road, is well in hand and the grounds are exhibiting their beautiful dress of green with flowers and trees in bloom everywhere.

The large vacant property at the corner of Brand and Stocker, which belongs to Mr. Kloppfer, has been sown to barley by Mr. Clement and is now coming up with the tender green shoots of the grain.

Mr. Sunkes is another enterprising individual who has obtained control of several vacant lots and has sowed them to barley.

The Strugglers' club, which received its temporary organization Friday, March 3, in the Indian room of Casa Verdugo restaurant, is looking forward to a large accession of membership. It is likely that the present quarters in the Indian room will be found too small and negotiations are on foot for a meeting place in the Pepper Tree Inn, which has been closed for some time and which would afford ample accommodation. The temporary chairman, Mr. Philip Felton, is anxious that as many people of artistic genius should join the club as possible. The organization is for the purpose of encouraging and developing local talent in dancing, acting and scenario writing.

All the members of the club are actively recruiting for the first regular meeting. The chairman, Mr. Felton, is active, as are Miss Barbara Mitchell, Miss Lorraine Mitchell, Mr. E. Watts, Miss Jeanette Wilson, Mr. Ernesto Martinez and Miss Viola Martinez. Mr. Probst, the noted artist, who has just returned from Europe, and his wife, who is an exponent of esthetic dancing, and other artists are taking an interest in the new organization and those who are anxious to join the society are requested to communicate with Mr. Phil Felton, 1220 Stocker street.

CONFERENCE ON CROSSINGS

Mr. T. W. Watson, city manager, was one of those invited to be present to give opinion and experience and to hear the opinions and experiences of others before the Railroad Commission in Los Angeles Tuesday. The commission is holding a series of meetings in different centers for the purpose of ascertaining what can be done to eliminate the dangers of grade crossings.

Representatives of various municipalities and counties were present and discussed ways and means.

"What was specially gratifying to the representatives of the municipalities present," said Mr. Watson, "was the desire evinced by the railways to co-operate with the municipalities and the commission in every way possible. It was shown that within the past year the California railways invited suggestions from their employes and had held meetings of officials and men for the purpose of receiving suggestions as to how to protect the public against the grade crossing danger.

"It was shown that one of the railways had spent $40,000 last year in adopting suggestions of employes on this point. More than 1000 suggestions had been offered. Recent experiences at city crossings such as at Aliso street were referred to and the inadvisability of having such a crossing in one of the most crowded parts of a big city was pointed out.

"The matter of grade crossings affects Glendale as well as other cities and further conferences will be held on the subject, which may result in further protection for the public."

LITERARY SECTION

The Literary section of the Tuesday Afternoon club met Tuesday afternoon at the home of Mrs. E. W. Kinney, 1223 W. Seventh street. A program of unusual interest was given, Mrs. Wayland Brown giving a comprehensive review of "The Fugitive" by John Galsworthy. Those familiar with Mrs. Brown's work as a reader and actress will realize the pleasure she gave to the large number of ladies who were present.

Mrs. C. E. Anderson had with her as a guest, her sister, Mrs. David Edestrom of Paris, whose husband is the famous Swedish sculptor. Mrs. Edestrom gave a most interesting talk on the drama, and life on the continent as she knows it. Mrs. Edestrom is a lecturer, recently from Paris, and the ladies of the section were charmed with her.

Its Completeness Won Instant Success

Never before has any model been such a complete and instantaneous success.

Small wonder, really.

For never before has there been so complete a car at anywhere near so low a price.

It stands out alone—boldly—conspicuously—unapproached—a powerful five passenger touring car COMPLETE for only $615.

Note that word "complete."

That means electric starter and electric lights, electric horn, magnetic speedometer—in fact every necessary item. Nothing is lacking. There are NO extras to buy.

Note that the motor is the very latest EN BLOC design—the last word in fine engineering.

Note that the tires are four inch size. Many cars costing much more have smaller tires.

Note that the rear springs are the famous cantilever type. Many bigger, more expensive cars are nowhere near as easy riding.

Note the headlight dimmers—the electric control buttons on steering column—demountable rims and one man top—all big features—high-priced-car features.

And it is a perfect beauty—snappy, stylish, speedy.

No wonder there's a rush to possess the car the world has been waiting for.

But that means quick action on your part in order to get a prompt delivery.

Don't delay—get your order in today.

Remember it comes complete—only $615, f. o. b. Detroit.

LA CANADA

The P. T. A. will hold its regular monthly meeting Friday, March 3, at the school house. Mrs. Hutchinson, of the Federation of Glendale, who is greatly interested in "Child Welfare," will speak before the P. T. A. Refreshments will be served. All who are interested are most cordially invited to attend.

Bishop Bashford has left for New York, where he was called last week. His wife and mother will remain in Los Angeles until April.

Mr. Hannah of Anaheim, was in the valley one day last week, looking over his ranch on Roy avenue.

The Misses Aldine Norton, Katheryne Green and Clara Armstrong attended a "going-away shower" for Miss Esther Conley, at the home of Miss Lucile Haddex of Glendale Heights. A very pleasant afternoon was spent.

Mr. Wm. Metzger spent Saturday and Sunday with his famliy. Mr. Metzger is still working on a bridge in Mint Canyon.

Mrs. Jay Schieffelin attended a of Wilton Place in Los Angeles, last Wednesday.

Mrs. E. G. Metcalf, the Misses Godrey and Selleck attended the Allies' grand carnival at the Shrine auditorium Feb. 26. They enjoyed

A meeting of adults, both men and women, for improvement by means of Bible study, is held every Sunday morning in La Canada at 10 o'clock, in connection with the Sunday School of the church. The class is conducted by Edward H. Brooks. The attendance is unusually large and the interest is growing. This is the only adult Bible class in La Canada valley. The reasons are many why the attendance should increase from one Sunday to another. A cordial invitation is extended to people in the church, in the congregation and in the community to visit the class and, if possible, to become regular members. The great purpose is to use the Bible suggestively and as a means of ascertaining or recalling the fundamental principles on which to build our individual and social life in all departments—especially our home life and our community life. For this purpose the Bible is an inexhaustible source of vital instruction and of timely helpfulness. Some writer has recently said that the Bible is reverenced by church people and others outside who make little actual acquaintance with it, whose Bible knowledge is a contented failure, who, in this respect, prolong their infancy from the cradle to the grave. May this unfavorable comment have no application to people in La Canada.

Mr. and Mrs. Nichelson were greatly surprised when about 12 relatives from the city came to spend Saturday afternoon with them. The party brought them many presents for their lovely new home, such as electric iron, electric plate, etc. The relatives brought with them refreshments and an exceedingly pleasant time was spent.

One of the most beautiful locations in the valley is that occupied by the home of Dr. Saphro, who has just finished making extensive improvements, some of which are a pergola, cement porch and walks, and additional French windows. He has also had his garage moved back and doubled in size.

Mr. Joseph Deitel, who has been a resident of our valley for many years, has sold his beautiful 0-acre ranch on Mountain avenue, near School street, to Mr. Sarget of Los Angeles, who is an attorney for the Guarantee Title and Trust Co. This ranch is a most sightly location, commanding a splendid view of Pasadena and surrounding country. Mr. Sarget expects to make many improvements on his property.

TO CLEAN HAIR BRUSHES

Ammonia is the best thing to clean hair brushes, as it does not soften the bristles like soap or soda, says a contributor to Hollands Magazine. If a teaspoonful of ammonia is mixed with a quart of water, the brush need only be dipped in the solution for a few minutes and all grease is removed. The brush should then be rinsed in cold water, shaken well and dried.

FINE PARK SYSTEM

The park system of Great Falls, Montana, is one of the greatest prides of the city. Forethought on the part of those who had the city's welfare at heart is responsible for the reservation of much land for park purposes. The city now owns 17 parks, containing 640 acres, in which are planted 11,000 trees. Almost as many trees are now being grown in the two park nurseries as are planted throughout the entire city, there being 41,000 young trees under city care. The boulevards are lined with elm, ash, poplar and other shade trees. The city supervises the parking system along the streets. Under city control are three circular driveways: A ten-mile drive to the east known as the Valeria Way; a ten-mile circle to the west through Sun River Park; and a four-mile turn to the south over Prospect Hill to the Missouri River and back by way of Broadwater Bay.

It is the aim of the present Park Board to have a park within a ten-minute walk of any part of the city, and also a good system of parks connecting the two. Margaret, Whittier and Gigson Parks lie along the river, and are close to the business district, and other parks serve their respective purposes in different parts of the city.
